

# Australian Sterilisation Data Report

## Report on tribunal-approved medical procedures that resulted in the sterilisation of adults with cognitive impairment 1 July 2021 – 30 June 2022

The table below contains statistics on the number of instances where state and territory tribunals have approved, during the period 1 July 2021 and 30 June 2022, a process that results in sterilisation. This is the seventh report following the release of the 'National project on sterilisation data collection practices' undertaken by the Australian Guardianship and Administration Council (AGAC) in 2015 with funding from the Federal Attorney-General's Department. That report and its appendices are available on the AGAC website ([www.agac.org.au](http://www.agac.org.au)).

**Note that this table records tribunal authorisation of procedures that resulted in the sterilisation of adults with cognitive impairment. Sterilisation of the adult may not have been the primary aim of the procedure in question.**

Previous reports on the number of instances where state and territory tribunals and boards have approved a sterilisation process are available on the AGAC website.

### Adult sterilisation approvals between 1 July 2021 and 30 June 2022

Jurisdiction	Tribunal	Approvals
Australian Capital Territory	ACT Civil and Administrative Tribunal	0
